Kristen,

Should I estimate one hour for the call? Would two be safer?

Thanks,

--Matt

**Subject:** FW: Tower Standard Accelerated Groundwater Investigation Discussion

Good Afternoon Matt,

Could you provide schedule availability and a cost estimate to participate in a Haskell Lake Petroleum Technical Discussion regarding the use of LIF/MIP/VAS/HPT/CPT technologies that may be appropriate for the site.

Bob is planning on tasking you with data evaluation, but does not have access to you because he has not yet secured a task order. The Tribe is exploring contracting you directly to participate

in the meeting that will likely develop a scope that you will be responsible for evaluating.

The Date: Friday June 3<sup>rd</sup>, 9am central

Needed: Cost Estimate to Participate in the call

Kristen

**Subject:** RE: Tower Standard Accelerated Groundwater Investigation Discussion

Hi Kristen,

For this first call , at least, Bristol will not be able to attend because I do not have an approved task order in place. At best, we are still a couple of weeks away from an approval to start work.

I believe it is best to move forward with the call so we can begin this discussion with the rest of the team and try to keep to our tight schedule.

Regards,

Bob

Hi Bob,

Can you confirm Bristol participation in this meeting?

**To:** Saari, Christopher A - DNR; Hanson, Kristen; Dave Larsen ([dlarsen@reiengineering.com](mailto:dlarsen@reiengineering.com))

**Subject:** RE: Tower Standard Accelerated Groundwater Investigation Discussion

Thanks for setting up David's participation, Chris.

I spoke to Dave Larsen on Friday and he has obtained some additional insight from a contact on

the use of MIP.

I look forward to our call later this week.

**Subject:** RE: Tower Standard Accelerated Groundwater Investigation Discussion

FYI – I have asked David Swimm, a DNR RR program hydrogeologist working in Madison, to join us on our June 3 call. David has a lot of drilling experience and is quite familiar with MIP/LIF/CPT technologies. He should be a valuable contributor to our discussion.

Have a great weekend!
